

# STORYWALK®

StoryWalk® is an innovative and delightful way for children (and adults!) to enjoy reading and the outdoors at the same time. Take time this summer to visit our partner, Clary Gardens, and enjoy a fun, free, educational activity. We are grateful to Frontier Community Connection Fund for this permanent donation to our county. Books will be changed out seasonally, so make plans to visit our Storywalk more than once.

The StoryWalk® Project was created by Anne Ferguson of Montpelier, VT and developed in collaboration with the Kellogg-Hubbard Library. Storywalk® is a registered service mark owned by Ms. Ferguson.

## SOMETHING OLD & SOMETHING NEW

As always, thanks to the generous donations by individuals, businesses and organizations in our community, we are offering great prizes by logging reading this summer.

Although our traditional reading logs will still be available for children (0-12 yrs), this year we have a new and exciting service called **Beanstack** which can be used to log reading and other activities.

**Beanstack** is a digital platform (both web-based and app) that will be used to enrich the logging of reading. As children, teens, and adults log their reading, they will be given badges and offered other incentives.

### How do you use Beanstack? It couldn't be simpler!

**On your phone:** Download the free Beanstack Tracker app from the App Store or Google Play store and follow the simple instructions to register.

**On your computer or other device:** Visit [www.coshoctonlibrary.org](http://www.coshoctonlibrary.org) > Digital Resources to get the unique Beanstack link.

**You will be able to use Beanstack for other challenges throughout the year—so try it out this summer!**
